

INTRODUCING A2 KEY AND B1 PRELIMINARY 2020 – PREPARING LEARNERS FOR THE REVISED EXAMS

Free Teacher Seminars

We are delighted to announce four seminars on the revised formats of A2 Key and B1 Preliminary. The seminars will be divided into two sessions, session 1 will focus on A2 Key, while session 2 will cover B1 Preliminary.

In both sessions, we will first introduce the new formats A2 Key and B1 Preliminary, highlighting the changes coming into effect as of January 2020 and explaining the rationale behind these changes. In addition, we will provide information about updated and new resources and reference materials.

In the second part of the two sessions, we will present preparation tips and strategies for exam success as well as teaching activities to use with your learners.
